

FCC: I for one WANT the FCC to stay out of what I have decided to PAY for and enjoy listening to with the money I earn from hard work. I also contribute to the Political Party I have chosen and would like to REMIND you that I live in one of the 50 States in the UNITED STATES OF AMERICA....I therefore RESPECTFULLY urge the FCC to REJECT the NAB PETITION 04-160, and SUPPORT XM's ability to provide the programming that I am interested in listening and enjoying.
Cordially,
